

TechChill Milano 2023

The International Startup and Tech Event

September 26–27, Bocconi University
September 25 sideevents

Riga & Milano

TechChill is a non-profit organisation founded 12 years ago with a mission to support Baltic startups to grow and succeed globally. We do so by filling gaps in the knowledge, skills and network.

TechChill Milano is the first TechChill event conducted in Southern Europe with the aim to develop the Italian ecosystem and support Italian startups grow and meet international investors.

**We have supported
founders for 12
years and are
growing every
second.**
